

HEALTH & ENVIRONMENT 2024

Connecting PhD students,
academics and professionals

Cannes, June 24th - 26th, 2024

In the wonderful environment of the French Riviera, and under the sponsorship of SUEZ, distinguished scientists from Universities and International Institutions welcome 15 PhD students to present their work and discuss their results.

Topics covered relate to microbiology, analytical chemistry, toxicology, epidemiology, pollutant movement and management, exposure and health risk assessment in the fields of drinking water, sanitation and solid waste management.

Topics related with the sociological and regulatory aspects of risk management are also welcome.

AIM

- Promote dialogue between young and senior scientists in these fast-moving scientific areas
- Enable young researchers to discuss their results with internationally recognized scientists
- Encourage the flow of information among disciplines that contribute to the reduction of diseases of environmental origin
- Support exchanges between academic scientists and industrial researchers across various organizations
- Identify new research needs to further improve environmental health

HEALTH & ENVIRONMENT AWARD

A 1,500 € award will be attributed by SUEZ to the PhD student with the best contribution to the prevention of diseases of environmental origin.

SCIENTIFIC COMMITTEE

- Prof. Jamie BARTRAM University of Leeds, UK
- Prof. Nicholas ASHBOLT University of South Australia
- Prof. Paul HUNTER University of East Anglia, UK
- Prof. Gertjan MEDEMA KWR & Delft University of Technology, Netherlands
- Dr. Andrea RIVERO ARZE PEPPER platform & member of OECD VMG-Eco, France
- Prof. Juliet WILLETTS University of Technology of Sydney, Australia
- Dr. Jean-François LORET SUEZ, France
- Eng. Guillaume STAHL SUEZ, France

INDICATIVE PROGRAMME

Monday 24th, June 2024

14h00	Welcome address Meeting Organisation Introduction lecture	G. STAHL, SUEZ , Science & Technology Director Prof. J. BARTRAM, University of Leeds
15h00	General Session Senior lecture PhD Student presentations	
16h00	Break	
16h30	PhD Student presentations	
17h30	End	
18h30	Speed meetings for students with academics and professionals on career plans	
19h30	Dinner	

Tuesday 25th, June 2024

09h00	Microbiology Session Senior lecture PhD Student presentations	
10h30	Break	
11h00	PhD Student presentations	
12h30	Lunch	
14h00	Chemistry & Toxicology Session Senior lecture PhD Student presentations	
16h00	Break	
16h30	PhD Student presentations	
17h30	End	
18h30	Speed meetings for students with academics and professionals on career plans	
19h30	Dinner	

Wednesday 26th, June 2024

08h30	Technology session Senior lecture PhD Student presentations	
10h30	Break	
11h00	Selection of the best presentation by the Scientific Committee	
12h00	Presentation of the Health & Environment Award	SUEZ representative
12h30	Lunch and end of the Meeting	

HOW TO ATTEND?

Applications: PhD students may apply at any stage of their PhD, although the preference will be given to research work near completion and mature for publication. Recent post-doctoral researchers may also apply. Applications should be sent before **April 30th, 2024**.

To submit your application, please send a CV and a one-page summary of your research (objectives, methods, main results and statement of significance) to contact.wh.seminar@suez.com

Travel and accommodation: All participants will be hosted at ADOSOM Windsor Residence, 16 avenue Windsor, 06406 Cannes, France, located at a walking distance from the train station and the Palais des Festivals.

Accommodation, lunch and dinner is offered by SUEZ. Extra-nights will be possible at students' own charge (185 euros/day full board).

Students will travel to Cannes at their own expense.

Dress code: Casual.

Venue: The meetings will be held at the ADOSOM Residence.

Format: Participants will be requested to present their research work with a PowerPoint presentation, in English (maximum 15 slides, 20 minutes + 10 minutes Q&A).

Carbon offsetting: In order to bring our contribution to global carbon neutrality and in agreement with our sustainable development commitments, we offset the greenhouse gas emissions resulting from attendees' travel by purchasing 30 carbon credits.

Meeting organised and sponsored by :
